Reclamation Bond Reduced

On May 3, 2011, the authorized officer from the St. George Field Office, U.S. Department of the Interior-Bureau of Land Management (BLM) and personnel from the Utah Department of Natural Resources-Division of Oil, Gas, and Mining (UT DNR-DOGM) conducted an inspection on expired Notice U-68571, Thirstystone Resources/Picture Springs claim site at Harrisburg, and expired Notice U-68868 Black Ridge #1 claim at Cottonwood Wash, both in Washington County, Utah.

It was determined that the reclamation earthwork on the Thirstystone Resources expired Notice U-68571 was complete and therefore, \$2,500 dollars will be retained for re-vegetation of the disturbed area. It was also determined that the re-vegetation of the U-68868 Black Ridge site was complete and therefore the remaining \$1000.00 bond will be released. \$5,900 of the total statewide bond sum of \$8,400 maybe released leaving a remaining statewide bond of \$2,500.00.

The Utah BLM State Office will issue a final decision. If you have any questions, please call Russell Schreiner at 435-688-3205 or write to the attention of UTC0300 at the BLM address above.
